Activities, trips and sports

Our Activities Coordinator always plans a great choice of trips, excursions, sports and social events for all our students all year. On weekday afternoons and evenings and at weekends you can enjoy events in college and in Oxford, as well as trips of historical and cultural interest, theatres, museums, markets, shows, sporting events, etc. in London, Bath, Bristol and Stratford.

The Activities Coordinator also organises weekend or longer trips such as surfing in Cornwall, rock-climbing and hill-walking. Moreover, in the autumn and spring we offer an all- inclusive accompanied weekend abroad; for example, previous destinations have included Lisbon, Marrakesh, Palermo and Budapest.

You will find out all about the social life during orientation and details are constantly updated on the College notice boards.

The sports programme includes a subsidised gym membership of a local fitness centre as well as opportunities to participate in football (soccer), basketball, volleyball, swimming, squash, tennis and other sports.
